

Our Homes, Our Votes:

Sample Voter Guide

A voter guide offers information specific to a particular state or community. Such guides usually include information about candidates running in specific precincts, districts, or wards. This document outlines the components of a strong voter guide, but most of the content will be customized by the organization that distributes the guide to community members.

Voter guides seek to help voters understand the voting process so that they can cast their ballots with confidence. This voter guide will outline:

- Important dates and deadlines
- Options for early voting, vote-by-mail, and Election Day voting
- What to expect on your ballot
- How to ensure your ballot is counted

PROTECT YOUR BALLOT

Here are some tips to help you cast your vote with confidence and ensure your ballot is counted.

1. The voter protection hotline is **866-OUR-VOTE**. Call this number if your right to vote is being challenged, if you face voter intimidation, or if you see voter misinformation.
2. Remember, if you are in line at the time the polls close, you **must** be allowed to vote. If you are in a location where lines tend to be longer, be sure to bring a charged phone and water to ensure you don't have to leave the line.
3. If you are told you cannot vote because your name is missing from the registration list, you don't have the correct identification, or for any other reason, request a provisional ballot.

In some cases, voters who cast provisional ballots will be required to follow up with election officials to verify that they are eligible to vote.
