

About the Housing Providers Council

NLIHC's *Our Homes, Our Votes* campaign convenes the Housing Providers Council, a group of affordable housing developers, property managers, and resident services coordinators committed to resident civic engagement. In 2020 and 2022, the Housing Providers Council and *Our Homes, Our Votes* partners reached hundreds of thousands of voters across the country. All owners, managers, and service providers in subsidized housing are invited to join the Housing Providers Council at no cost. Public housing agencies, nonprofit housing providers, for-profit organizations, and Tribal groups are all welcome to participate. Housing Providers Council members must commit to staying nonpartisan in their efforts, following all election laws, and providing a point of contact to participate in virtual meetings.

Members of the Housing Providers Council meet regularly to receive trainings from election experts and participate in peer learning. The Housing Providers Council provides a venue through which staff can share best practices for nonpartisan voter engagement in their properties, discuss challenges they are facing, and develop innovative solutions. Members also receive access to *Our Homes, Our Votes* resources and technical assistance on issues including National Voter Registration Act compliance, organizing targeted voter registration drives, protecting voters from voter intimidation, ensuring access to the ballot for English language learners, and connecting residents with voter ID.
